

# Statewide **Mobility Action** **Planning Conference**

The Iowa Department of Transportation will be hosting a Statewide Mobility Action Planning (MAP) Conference on Wednesday, November 1<sup>st</sup>, 2006 at the Marriott in downtown Des Moines. This will be a follow-up to the 15 local MAP workshops held regionally this year throughout the state.

You can be a part of this conference and provide attendees with valuable information on transit related issues. This is an opportunity to showcase new or innovative projects to improve transportation services. Display tables are limited but will be accepted on a first come, first served basis; with priority given to displays focusing on Marketing, Access to Service, and Affordable Passenger Transportation Options. Other suggestions for displays might be: research projects, study findings, new technology, partnership/coordination success stories, training programs, LEP / multi-lingual practices, Web site accessibility, maintenance, etc. Presenters will be required to arrive by 8:00 a.m. to set-up their display. Space will be limited. Tables will be 6ft in length and will be draped. If you need electricity for your display there is a \$15.00 charge.
